A Columbia man who is in touch with football affairs said yesterday that Sanford has had his guns trained for Harvard ever since the game was arranged. and as long as Columbia showed marked superiority over Williams in general play the coach was satisfied. The result of the game was expected to fill Harvard with over-confidence so that when the local eleven, vastly strengthened, lines up on Soldiers' Field tothere may be a surprise in store for

Hutchinson led Taylor to the fourteenth hole but fell down on the last four, the same holes proving his "hoodoo" on every round. In Saturday's match with Will Smith, the open champion of 1898, Hutchinson was 1 up with 3 to go, when the rubber-soled shoes he wore became so slippery in the heavy rainfail that he could not hold his footing, so that Smith won out. That is Hutchinson's only excuse for losing.

he could not hold his footing, so that Smith won out. That is Hutchinson's only excuse for losing.

With the exception of Vardon and Taylor almost all the players used socket shaft clubs. The two visiting champions used leather faces on their drivers, which had dogwood heads. The resident professionals all used persimmon heads. Hutchinson outdrove Taylor and Will Smith often had the better of the tee shots with Vardon, and, as a consequence, many of those who went to Chicago believe that the visitors would have fared better on the long game had they used persimmon heads.

Jack Park of the Essex County Country Club denies the report sent out from Chicago that he was disqualified for lifting in a bunker. Starting out for the last round Park was within striking distance of the leaders, but a perfect round was needed. On the last round at Baltimore a year ago he had made a 75, the best score of the open tournament, which encouraged Park to set out to repeat the great performance. After the drive from the second tee, however, Park found his ball in rough stuff, and after four ineffectual attempts to get out, he notified the scorer of the match that he had withdrawn. To help Foulis, his playmate, Park finished the round, but not for competition. The scorer turned in the eard, which was posted up with the rest. Park then laid the facts before the committee, the only result being that the word "disqualified" was written against his name. The rumor then spread about the links that he had been barred out for lifting intentionally in a bunker.

SIR THOMAS'S NEW YACHT. Open Championship Echoes-Scores at Scran- John Thornycroft May Design the Cup

Special Cable Despatch to THE SUN. LONDON, Oct. 11 .- The Pall Mall Gazette say about the open championship. Tom Hutchin- that the question of issuing a challenge for son, who was Taylor's playmate, said that if the America's Cup came before the Royal Taylor had been putting he would have beaten Ulster Club first at a meeting held on Vardon ten strokes, for, as it was, on more Oct. 2, at which Col. Sherman Crawford than one green, the open champion took three presided. The Hon. greatest sati-faction. The committee decided to send a challenge. Accordingly one was peatedly to try for the hole of his put, but he would not. 'What's the use, I have him drafted and mailed that such afternoon beaten,' was all that he would say. Many The Central News says that George Watson has been commissioned to build the new challenger for the America's Cup and that is provisional plans therefor are already completed. It is understood that these provide for

a cutter embodying many novelties. The assertions of the Central News are disunted by statements made by both Sir Thomas Lipton and Mr. Russell to a correspondent of THE SUN to-day. They say that the com-mission for the building of the new challenger has not been allotted as yet. It is not probable that Mr. Watson will design her, they say, but it is very likely that the task will be assigned to John Thornycroft.

The members of the New York Yacht Club

The members of the New York Yacht Club were anxiously waiting for news of the arrival of the Germanic yesterday in order to read the challenge of Sir Thomas Lipton for another Cup race, which is in the mails on that steamship. It will probably be delivered at the clubhouse to-day, and then the officers of the organization will decide what action shall be taken. The challenge, it is thought, will be similar in terms to the last one, but the details of the races will not be arranged until a committee of the Royal Ulster Yacht Club meets the New York club's committee. Yachtsmen are pleased at the prespect of there being another contest for the noted Cup and every one speaks in high terms of Sir Thomas Lipton's action. A challenge received now would call for a race in August under the terms of the deed of gift, but August is the month for the New York Yacht Club cruise, and it was suggested yesterday that the dates of the Cup races might be set for september. This would give the two yachts much more time to get in share,

BRISTOL, Oct. 11.—The announcement of the sportsmanilke act of Sir Thomas Lipton in again challenging for the America's Cup was received with much favor here. It is the opinion that a new yacht will be constructed, and if an order is to be placed there is no other place looked to except here to produce a boat faster than the Columbia. There are various reasons why a new boat will be ordered. It is established beyond little doubt that Sir Thomas Lipton since his Shamrock was defeated by Columbia in 1899 has devoted much time and study to the feat of "lifting" the America's Cup. Opportunities have been many for studying the lines of the Columbia, and thus determining where the gear and hull of the Shamrock were inferior to the Yankee boat.

As to who will own and manage the next Cup defender, there is much discussion here. C. Oliver Iselin, the man of various victories over the British in the salling for the America's Cup, is first thought of because of his successful work, which goes far to establi racing man, as proved in both the 30's an 70's, must be a matter of strong consideratio for the New York Yacht Club.

Knockabout Faster Than a Catboat.

ATLANTIC CITY, Oct. 11 .- In a twelve-mile acht race this afternoon the knockabout Olga defeated the catboat Princess Bonnie by 3 minutes and 10 seconds, settling the mooted question whether a knockabout is speedier than a catooat under similar conditions in local waters. The former carried full canva and yachtsmen aver that if they had carried and yachtsmen aver that if they had carried single reets as the cathoats did, much better time would have been recorded. Each beat won the annual championship flag in its own class, the two racing events being held simul-taneously. The purse was \$100 in each class. Summary:

IMPORTANT ACTION BY JOCKEY CLUB. Resolution Intended to Bring the Real Cracks

Together at Weight for Age. The regular monthly meeting of the Jockey Club was held at the clubhouse, Morris Park. yesterday afternoon. Jesse Brown, James Galway, Perry Belmont, Andrew Miller, F. R. Hitchcock, P. J. Dwyer, J. G. Heckscher, J. G. Follansbee, H. K. Knapp and W. C. Whitney were present. Mr. Perry Belmont offered the following resolution, which was adopted: Resolved. That all associations conducting race meetings under the jurisdiction of the Jockey Club be requested to give at least one weight-for- ge race at each meeting, the distances of such faces to be at the option of the association, but after Aug. 1 not to be less than one and one haif miles.

S man one and one main mass. The Coney Island sockey Club has appointed committee to arrange for three-year-old races, thout penalties or allowances. This comttee meets with the Executive Committee. Monday next.

Monday next.

Is timely action, if lived up to by the as
attons, will probably check the exodus of

best three-year-olds and upward, to Eng
I. Prominent owners have frequently

ted out of late that the penalty scale prevailing here was shutting out the really good horses, as the allowance conditions in many of the richest stakes favored thoroughbreds of a lower grade. In legitimate weight-for-age races such as are now proposed, all horses will meet strictly on their merits regardless of what they may have won or lost before. Conservative horsemen agree that this is the only method of discovering the real champion in each class and the Jockey Club can count on heir cordial support.

READING, Oct. 11.—The second day of the Reading Driving Club's meet was characterized by fast travelling. While there were only three starters in each race, there was not a horse that was not backed for again as much as the purse. As a result the contests were close and exciting. A B C was a strong favorite in the 2:13 class, but only won third money. Lorraine won the 2:33 class in fine style. Summerles: 2:55 class, trotting or pacing: purse \$200; Lorraine, b. g. No Racing at Terre Haute. TERRE HAUTE, Oct. 11. -There was no harness racing here to day on account of a bad track. Mr. billings sent word from Chicago that he could not come next week to drive Free Bond to beat the pacing record to wagon, amateurs to drive, because his horse was out of training. TROTTING AND PACING.

Kellmont Beats Mr. Croker's Chanty at the Paskway Track.

Driven by Jack Curry, Chanty, Richard Croker's chestnut gelding, trotted about the best race of his life in the 2:14 class at the Parkway track yesterday. He did not win, but, being his first start this season it was a surprising feature of the day to see him go so well. He was the contesting horse in every heat. Former Senat r John J. McCarty's Inciana bred gelding Kellmont showed more speed in the last three heats and won the race, but by a close margin. Chanty captured the first heat from John F. Cockerill's bay gelding Swift, an old Speedway favorite, driven by Ticehurst, that made a warm fight for a part of the way in every heat, taking second place from Chanty in the fourth and last heat. Kellmont's first heat was an easy one. He went

under the wire next to the last horse, but he still continued favorit in both the book and auction continued favorit in both the book and auction pools. After Chanty's victory in the first heat. Curry made as hard a drive as he ever did in his life for the next heat. Chanty and Kellmont drew away from the bunch turning into the stretch and came down head and head. Those who were back of the wire thought Chanty had a shade the better of it, but W. Dickerson lifted Kellmont under the wire a scant head to the good. It was the most exciting race of the day and a match between Kellmont, Chanty and Nigger Jack may be the result.

Kellmont, Chanty and Nigger Jack may be the result.

Belle Arlington driven by Snyder, had the easiest race of the day in the 2.35 trot, winning in straight heats by from three to four lengths. In the 2.21 pace the winner was hard to pick until three heats had been decided. The White Plains gelding, Flash, owned and driven by F. S. Fisher, was favorite at the start and the manner in which he was reefed around under the wire in front of the bunch for the first heat caused his friends to plunge on him. The second heat, however, showed that he had gone his limit. He broke badly and was fifth horse at the finish, while in the next heat he was behind the flag. Besiege, winner of the third heat, became a top-heavy favorite and did not disappoint his backers.

To-day there will be three races on the card. Summaries yesterday:

TROTTERS' DAY AT LEXINGTON. Onward Silver Makes York Boy Go a Fifth Heat in 2:09 1-2.

LEXINGTON, Oct. 11.-This was the last day except one of the breeders' trotting meeting. The track was good and the attendance about 5,000. The feature of the day was the 2:10 trot. In the first heat the good mare Neeretta came fast in the stretch, closely pressed by Lamp Girl, and the two beat out Edwin B., who had led by several lengths into the the back turn. Necretta won the second heat after a race similar to the first, but in the third heat York Boy, who was a strong favorite in the peois, won handly. It was pretty easy saling for York Boy after this.

The second face was the West Stake, value \$2.00, for 2.28 totters. This was also won by a favorite, contraite, and in straight heats. The third race was the Lexington Stake for two-year-old trotters. It was won in two straight heats by Erirarge, owned by the Hitter Root Farm, Hamilton, Mon. She was also a favorite in the betting. Several leading stables, including that of Thomas W. Lawson, left for home to-day, completing the season. Summaries:

NEW YORK BEATS BROOKLYN

DONOVAN HAMMERED FOR SEVEN RUNS IN ONE INNING.

Pittsburgs Defeat the Chicagos, 2 to 1, and Cut the Champions' Lead to 35 Points

-Bostons Win an Unimportant Game From
the Philadelphias Race Will End on Sunday. The League championship race for this year will end on Sunday in the West. The last two games of the season in this city will be played by the New Yorks and Brooklyns to-day and to-morrow. Yesterday the New Yorks won at Washington Park because they made seven runs in one inning off Pitcher Donovan. The New Yorks, by the way, have no possible chance to finish better than last, which place they have

held since May 31. The Pittsburgs won from

the Chicagos by a score of 2 to 1 and out the

Champions' lead to 35 points. Boston captured

an unimportant game from Philadelphia. The
